Executive Compensation

Compensation Objectives and Practice

The objectives of Memex's executive compensation policy are to attract and retain individuals of high calibre to serve as executive officers of Memex, to motivate their performance in order to achieve Memex's strategic objectives and to align the interests of executive officers with the long-term interests of the Shareholders.

At this stage of its development where the efficient use of the company's cash resources to fund the development of the company's business is paramount, it is critical for Memex is to determine the right balance between cash incentives, such as salaries and bonuses, and non-cash related incentives such as stock options. As such, Memex endeavours to retain executive officers that are primarily motivated by the future potential of Memex rather than cash incentives. Memex then endeavours to pay those executive officers competitive but below market salaries, provide them with cash bonuses where appropriate that are financed by the financial success of the company and provide them with incentive stock options so that they can participate in the future success of the company.

This compensation mix is determined by the Board, after considering the recommendations of senior management and the Corporate Governance / Compensation Committee. The Board makes these determinations based on its business experience, its knowledge of the marketplace in which Memex is competing for talent and its knowledge of the needs of Memex.

Salaries and Cash Bonuses

For information on the salary and cash incentive bonuses payable to Memex's most highly compensated executive officers, see "Executive Compensation - Summary Compensation Table".

Option-based Awards

Memex believes that employee ownership is critical to its success. Employee ownership provides employees with a vested interest in Memex's future and allows them to fully participate in the benefits of Memex's success. As such, Memex's executive officers are also eligible to receive awards through Memex's Option Plan. These awards are purely at the discretion of the Board and are not subject to any pre-determined performance criteria. In determining whether or not to grant an award under the Option Plan, the Board considers all of the information available to it at the time of such determination including, but not limited to, the performance of Memex in the most recently completed financial year, other relevant factors affecting performance that arose since that time, general market and economic conditions, the performance of each particular executive officer in light of the foregoing and Memex's objectives moving forward.

Common Shares reserved for issuance pursuant to the Option Plan may not exceed 10% of the issued and outstanding Common Shares, from time to time. For further information on the Option Plan, see "Information Concerning the Corporation – Equity-Related Compensation Plan Information – Option Plan".

Corporate Governance / Compensation Committee

The Corporate Governance / Compensation Committee of the Board has a mandate which sets out the committee's objectives, functions and responsibilities. The committee assists the Board in carrying out its responsibility for the Corporation's (i) compensation and succession planning policies and practices and (ii) other corporate governance policies and practices. The Corporate Governance / Compensation Committee is also responsible for, among other items, periodically reviewing the adequacy and form of compensation of directors and officers and for making recommendations to the Board on such compensation. The committee considers the time commitment, risks and responsibilities of directors and officers and takes into account the types of compensation and the amounts paid to directors and officers of comparable publicly traded Canadian companies.

The Corporate Governance / Compensation Committee is currently composed of Joe Brennan (Chair), Scott Kaplanis and Michael Christiansen, all of whom are independent Board members under National Instrument 58-101 – Disclosure of Corporate Governance Practices, as determined by the Board (see "Information Concerning the Corporation – Statement of Corporate Governance Practices"), and the Board feels that the committee conducts its activities in an objective manner. Each of Mr. Brennan, Mr. Kaplanis and Mr. Christiansen has direct

experience that is relevant to their responsibilities in executive compensation, as well as the skills and experience that enable them to make informed decisions on the suitability of the Corporation's executive compensation policies and practices. More specifically, each of Mr. Brennan, Mr. Kaplanis and Mr. Christiansen has either been an executive officer or a member of other publicly traded board(s) of director(s) where human resources and compensation issues were the object of discussion, recommendation and implementation on a regular basis.

Risks Related to Compensation Policies and Practices

During each annual review and assessment by the Corporate Governance / Compensation Committee of the Corporation's executive compensation program, the Corporate Governance / Compensation Committee also explicitly and implicitly takes into consideration any risks associated therewith. At the present time, the Corporate Governance / Compensation Committee has not identified any risks associated with the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. In the assessment of senior management and the Board, the risks and uncertainties facing the Corporation that are likely to have a material adverse effect on the Corporation are disclosed quarterly in the Corporation's management discussion and analysis of the Corporation's financial condition and results of operations for the most recently completed quarter. One of the Corporation's key business risks is the dependence on key personnel, the loss of which could have a material adverse effect on Memex's operations and business prospects. No such risks relate to the Corporation's compensation policies and practices.

Hedging

Pursuant to Memex's Insider Trading Policy, executive officers and directors shall not engage in short selling of, or trading in puts, calls or options of Common Shares or other securities of the Corporation.

Purpose: The purpose of the Corporation's incentive stock option plan (the "**Option Plan**") is to advance the interests of the Corporation by encouraging the directors, officers, employees and consultants of the Corporation, and of its subsidiaries and affiliates, if any, to acquire Common Shares, thereby increasing their proprietary interest in the Corporation, encouraging them to remain associated with the Corporation and furnishing them with additional incentive in their efforts on behalf of the Corporation in the conduct of its affairs.

Eligibility: Directors, officers, consultants, and employees of the Corporation or its subsidiaries, and employees of a person or company which provides management services to the Corporation or its subsidiaries (hereinafter referred to in this section as the "**Management Company Employees**") shall be eligible for selection to participate in the Option Plan (such persons hereinafter in this section collectively referred to as "**Participants**").

Administration: The Option Plan shall be administered by the Board or by a special committee of the directors appointed from time to time by the Board. Subject to the terms of the Option Plan, the Board shall determine to whom options ("**Options**") to acquire Common Shares shall be granted, the terms and provisions of the respective Option agreements, the time or times at which such Options shall be granted and vested, the expiry dates for such Options and the number of Common Shares to be subject to each Option. All Options granted pursuant to the Option Plan shall be subject to rules and policies of any stock exchange or exchanges on which the Common Shares of the Corporation are then listed and any other regulatory body having jurisdiction hereinafter (hereinafter collectively referred to in this section as the "**Exchange**").

Number: The aggregate number of Common Shares issuable upon the exercise of all Options granted under the Option Plan, together with any Common Shares issued or reserved for issuance pursuant to any other equity compensation plan of the Corporation, shall not exceed 10% of the issued and outstanding Common Shares of the Corporation from time to time. If any Option granted under the Option Plan shall expire or terminate for any reason in accordance with the terms of the Option Plan without being exercised, the un-purchased Common Shares subject thereto shall again be available for the purpose of the Option Plan.

Individuals: No single Participant may be granted Options to purchase a number of Common Shares equaling, together with any Common Shares reserved for issuance pursuant to rights granted to such Participant under any other equity compensation plan of the Corporation, more than 5% of the issued Common Shares of the Corporation in any one 12 month period unless the Corporation has obtained disinterested shareholder approval in respect of such grant and meets applicable Exchange requirements.

Consultants: Options shall not be granted if the exercise thereof, together with any Common Shares reserved for issuance pursuant to rights granted to such Participant under any other equity compensation plan of the Corporation, would result in the issuance of more than 2% of the issued Common Shares of the Corporation in any 12-month period to any one consultant of the Corporation (or any of its subsidiaries).

Investor Relations: Options shall not be granted if the exercise thereof, together with any Common Shares reserved for issuance pursuant to rights granted to such Participant under any other equity compensation plan of the Corporation, would result in the issuance of more than 2% of the issued Common Shares of the Corporation in any 12-month period to persons employed to provide investor relations activities. Options granted to consultants performing investor relations activities will contain vesting provisions such that vesting occurs over at least 12 months with no more than $\frac{1}{4}$ of the Options vesting in any three-month period.

Exercise Price: The exercise price of the Common Shares subject to each Option shall be determined by the Board, subject to applicable Exchange approval, at the time any Option is granted. In no event shall such exercise price be lower than the exercise price permitted by the Exchange. Once the exercise price has been determined by the Board, accepted by the Exchange and the Option has been granted, the exercise price of an Option may not be reduced unless disinterested shareholder approval is obtained.

Expiry Date: Each Option and all rights thereunder shall be expressed to expire on the date set out in the Option agreement as determined by the Board, provided that in no circumstances shall the duration of an Option exceed the maximum term permitted by the Exchange. For greater certainty, if the Corporation is listed on the TSX Venture Exchange, the maximum term may not exceed ten years.

Extension During Black Out Periods: Should the expiry date of an Option fall within a Black Out Period (as defined below) or within nine business days following the expiration of a Black Out Period, such expiry date of the Option shall be automatically extended without any further act or formality to that date which is the tenth business day after the end of the Black Out Period, such tenth business day to be considered the expiry date for such Option for all purposes under the Option Plan. "**Black Out Period**" means the period during which the relevant Participant is prohibited from exercising an Option due to trading restrictions imposed by the Corporation pursuant to any policy of the Corporation respecting restrictions on trading that is in effect at that time.

Expiry on Termination of Employment: If a Participant shall cease to be a director, officer, consultant, employee of the Corporation, or its subsidiaries, or ceases to be a Management Company Employee, for any reason (other than death), such Participant may exercise his Option to the extent that the Participant was entitled to exercise it at the date of such cessation, provided that such exercise must occur within 90 days (or such earlier time as determined by the Board at the time of the grant of the Option) after the Participant ceases to be a director, officer, consultant, employee or a Management Company Employee, subject to extension at the discretion of the Board.

Expiry on Death: In the event of the death of a Participant, the Option previously granted to such Participant shall be exercisable only within the one (1) year after such death and then only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or the laws of descent and distribution; and
- (b) if and to the extent that such Participant was entitled to exercise the Option at the date of his death.

Non-Transferable: All benefits, rights and Options accruing to any Participant in accordance with the terms and conditions of the Option Plan shall be non-assignable and non-transferrable.

Amendment: Subject to applicable approval of the Exchange, the Board may, at any time, suspend or terminate the Option Plan. Subject to applicable approval of the Exchange and the provisions set out below, the Board may also at any time amend or revise the terms of the Option Plan or any Option granted hereunder; provided that no such amendment or revision shall result in a material adverse change to the terms of any Options theretofore granted under the Option Plan. Shareholder approval will not be required for any amendment to the Option Plan or any Options granted thereunder except for any amendment or modification that:

- (a) increases the number of Common Shares reserved for issuance under the Option Plan;
- (b) reduces the exercise price of an Option held by a Participant (other than pursuant to an adjustment in the event of a change in capitalization or a reorganization event as described in the plan);
- (c) extends the term of an Option beyond the expiry date;
- (d) extends eligibility to participate in the Option Plan to persons not currently eligible to participate;
- (e) increases the limit on the number of Common Shares subject to Options that may be granted to non-employee directors;
- (f) increases the limit on the number of Common Shares subject to Options that may be granted to any one Participant or consultant;
- (g) permits Options to be transferred or assigned other than for normal estate settlement purposes;
- (h) extends the expiry date of an Option beyond 10 years from its grant date (other than as provided for in the event of a Black Out Period being in effect at the time of expiry);
- (i) permits awards, other than Options, to be made under the Option Plan;
- (j) cancels and reissues Options;
- (k) grants additional powers to the Board to amend the Option Plan or entitlements hereunder without obtaining security holder approval;
- (l) amends any of the above-listed restrictions on amendment to the Option Plan without shareholder approval; or
- (m) an applicable stock exchange requires shareholder or disinterested shareholder approval.

Indebtedness of Directors and Officers

As at the date of this Management Information Circular, no individual who is, or at any time during the most recently completed financial year of the Corporation was, a director or executive officer of the Corporation or of any of its subsidiaries, nor any proposed nominee for election as a director of the Corporation, nor any associate of any one of them:

- (a) is, or was at any time since the beginning of the most recently completed financial year of the Corporation, indebted to the Corporation or any of its subsidiaries; or
- (b) is, or was at any time since the beginning of the most recently completed financial year of the Corporation, indebted to another entity, which such indebtedness is, or was during such time, the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries.

Interests of Insiders in Material Transactions

On March 28, 2019, the Corporation received a \$700,000 loan facility (the “**Loan**”) from affiliates of G&G Private Capital (“**G&G**”) at Royal Bank Prime (“**RBP**”) rate plus 8% that required quarterly principal repayments of 5% of the total amount borrowed commencing March 2020. The Loan was originally scheduled to mature in March 2022, however, on March 29, 2021, G&G and the Corporation substantially modified the terms of the loan by extending the maturity date by one year (the “**Extension**”) to March 2023.

As a condition of the initial Loan, G&G required Corporation Officers (collectively the “**Lenders**”) to advance the Corporation \$50,000 under identical lending terms and conditions, which also occurred March 28, 2019. In conjunction with G&G, the Corporation Officers agreed to the same maturity date Extension. So, congruent with, and as a condition of the Loan, the Corporation’s CEO (through a controlled corporation) and CFO collectively agreed to loan the Corporation up to \$50,000 under the same terms and conditions as the Loan.

As consideration for the Loan Extension, the Lenders were paid a re-financing fee of \$9,000 (\$8,400 to G&G and \$600 to Corporation Officers), were issued a total of 1,800,000 common shares of the Corporation (1,680,000 to G&G and 120,000 to Corporation Officers), and were issued 750,000 warrants (700,000 to G&G and 50,000 to Corporation Officers) exercisable at \$0.05. All warrants issued under the terms of the Loan Extension expire at the maturity of the Loan. Warrants issued to G&G and Corporation Officers as a condition of the original loan agreement in 2019 were cancelled on the Extension agreement date.

Audit Committee Information

Audit Committee Mandate

A copy of the mandate of the Audit Committee of the Corporation adopted by the Board of Directors is attached as Schedule A to this Information Circular.

Audit Committee Composition and Background

The current Audit Committee of the Board of Directors of the Corporation consists of Michael Christiansen (chair), Scott Kaplanis and Joe Brennan. All of the members of the Audit Committee are independent and financially literate insofar as it applies to the financial statements of a venture issuer such as the Corporation.

Relevant Education and Experience

For a summary of the relevant education and experience of each of the current and proposed members of the Audit Committee, see “Particulars of Matters to be Acted Upon – Election of Directors – Director Nominee Information”. Each of the members of the Audit Committee have business experience and/or education which provides them with the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and level of complexity of accounting issues that can reasonably be expected to be raised by the Corporation’s financial statements.

Pre-Approval Policies and Procedures

The Audit Committee must pre-approve all non-audit services to be provided to the Corporation or its subsidiary entities by its external auditors or the external auditors of the Corporation's subsidiary entities.

External Auditor Service Fees

The aggregate amounts paid or accrued by the Corporation with respect to fees payable to the auditor of the Corporation, for audit (including separate audits of subsidiary entities, financings and regulatory reporting requirements), audit-related, tax and other services in the fiscal years ended September 30, 2021 and 2020 were as follows:

Statement of Corporate Governance Practices

Introduction

The Canadian Securities Administrators have issued National Policy 58-201 – Corporate Governance Guidelines which provides their guidance on effective corporate governance practices. The Canadian Securities Administrators have also adopted National Instrument 58-101 – Disclosure of Corporate Governance Practices ("**NI 58-101**") which requires Canadian reporting issuers to annually disclose their corporate governance practices. Below is a discussion on the current composition of the Board and the current governance practices of the Corporation.

The Board believes that sound governance practices are essential to achieve the best long-term interests of the Corporation and the enhancement of value for all security holders. The Board has overall responsibility and full authority to manage the Corporation's investments. As permitted by applicable law, the Board may from time to time delegate certain of its responsibilities to others but the Board retains its oversight function for all delegated responsibilities.

Board Composition

As at January 31, 2022, the Board is composed of five (5) members. Such Board members are David R. McPhail, Ed Crymble, Joe Brennan, Scott Kaplanis and Michael Christiansen. It is currently contemplated that all current Board members will be standing for re-election at the Meeting. For further information on the individuals who will be put forth for election to the Board at the Meeting, see "Information Concerning the Corporation – Directors of the Corporation".

Independence

After reviewing the roles and relationships of each of the Board members, the Board has determined that three (3) of the five (5) current directors, and three (3) of the five (5) directors that are anticipated to be standing for election at the Meeting, are "independent" (as defined in NI 58-101). Generally speaking, a Board member is "**independent**" if such Board member has no direct or indirect material relationship with the Corporation and a "**material relationship**" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of the Board member's independent judgment. Notwithstanding the foregoing, NI 58-101 prescribes that certain relationships are material relationships. The current Board members who are independent are Joe Brennan, Scott Kaplanis and Michael Christiansen. David R. McPhail is not independent due to the fact that he is the President and Chief Executive Officer of the Corporation, and Ed Crymble is not independent due to the fact that he is the Chief Financial Officer of the Corporation. The Board has determined that Joe Brennan is independent notwithstanding that he is counsel in a law firm that provides legal services to the Corporation.

A majority of the current and proposed Board members are independent. To further facilitate the exercise of independent judgment in carrying out its duties: (i) as a standing agenda item at each quarterly Board meeting, and at other Board meetings when deemed appropriate, the independent Board members are given the opportunity to hold an “in camera” session without management present; and (ii) the Board follows the provisions of the *Business Corporations Act* (Alberta), the Corporation’s governing statute, regarding conflicts of interest (i.e. directors with a conflict of interest on a particular matter refrain from voting on that matter).

Other Boards

The following table sets forth the names of each other reporting issuer (or the equivalent thereof) that each of the current Board members, and each of the individuals to be nominated for election as a Board member at the Meeting serve as a trustee or director as at January 31, 2022.

Name	Name of Reporting Issuer
David R. McPhail	N/A
Joe Brennan	N/A
Edward A. Crymble	N/A
Scott Kaplanis	N/A
Michael Christiansen	N/A

Independent Supervision Over Management

As at January 31, 2022, the Directors and senior officers of the Corporation collectively own or control approximately 14.3% of the outstanding Common Shares of the Corporation. As such, the Board feels that the interests of management and shareholders are aligned. Therefore, the Board does not hold regularly scheduled Board meetings at which non-independent Directors and members of management are not present. However, the Board may meet independently of management, and the independent Directors may meet independent of the non-independent Directors on an as-needed basis.

David R. McPhail, who is not an independent Board member, is the Chairman of the Board. It is the responsibility of each director and the Board as a whole to ensure that the Board operates independently of management and that the Board functions effectively and meets its obligations and responsibilities, including responsibilities to security holders.

Orientation and Continuing Education

The Board and management of the Corporation do not have a formal orientation and education program for new directors and new committee members regarding the role of the Board, its committees and the directors and the nature and operation of the Corporation’s business. Orientation and education is provided by other directors and management on an “as needed” basis.

The Board does not have a continuing education program for its members. However, the Board intends to annually assess each Board member on a confidential basis through an annual review process to ensure the Board members have maintained the skills and knowledge necessary to meet their obligations as Board members.

Ethical Business Conduct

The Board has adopted a written code of conduct for the directors, officers and employees of the Corporation. A copy of that code of conduct may be obtained on the internet at www.sedar.com or at www.memexOEE.com. The Audit Committee is responsible for monitoring compliance with the code of conduct and any amendments thereto or waivers thereof. A copy of the code of conduct is provided to each director, officer and employee of the Corporation. Supervisors are responsible for monitoring compliance with the code of conduct by employees under their supervision and violations of the code of conduct are reported to the Audit Committee.

The Audit Committee has also adopted “whistleblower” procedures which allow directors, officers and employees of the Corporation to file a report on a confidential and anonymous basis with the appropriate persons regarding any concerns about accounting, internal accounting controls or auditing matters.

Nomination of Board Members

The Board as a whole determines who shall be a nominee for election to the Board. Nominations are generally the result of the collective evaluation efforts and recommendations of the Corporate Governance/Compensation Committee.

The Board has appointed a nominating committee, being the Corporate Governance / Compensation Committee. This committee is currently composed of Joe Brennan (Chair), Scott Kaplanis and Michael Christiansen, all of whom are independent Board members under National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, as determined by the Board (see “Information Concerning the Corporation – Statement of Corporate Governance Practices - Independence”), and the Board feels that the committee conducts its activities in an objective manner. If a member of the committee has a conflict that may be perceived to affect that member’s objectivity, that member abstains from voting on the particular matter and may be excused from the discussion on a particular matter where deemed appropriate.

The Corporate Governance / Compensation Committee annually assesses the effectiveness of the Board as a whole, committees of the Board, and the contribution of individual Board members. This committee also reviews the Board’s size and composition from time to time to determine their impact on the Board’s effectiveness. This review includes considering the results of any confidential surveys completed by Board members. This committee then makes its recommendations to the Board. If the Board determines that a new Board member is required, this committee addresses it at that time and implements such processes and procedures it feels are necessary to encourage an objective nomination process. The Board believes that a board of five (5) to eight (8) Board members is an appropriate size for a public entity with a capitalization and business of the Corporation’s size. The Board believes that its current Board members comprise an appropriate mix of individuals with accounting, financial, legal and general business experience.

Compensation

See “Information Concerning the Corporation - Executive Compensation - Corporate Governance / Compensation Committee”.

The Board has appointed a compensation committee, being the Corporate Governance / Compensation Committee. This committee is currently composed of Joe Brennan (Chair), Scott Kaplanis and Michael Christiansen, all of whom are independent Board members under National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, as determined by the Board (see “Information Concerning the Corporation – Statement of Corporate Governance Practices - Independence”), and the Board feels that the committee conducts its activities in an objective manner. If a member of the committee has a conflict that may be perceived to affect that member’s objectivity, that member abstains from voting on the particular matter and may be excused from the discussion on a particular matter where deemed appropriate.

See “Information Concerning the Corporation - Executive Compensation – Corporate Governance / Compensation Committee”.

Other Board Committees

The Board has no other standing committees other than the Audit Committee and the Corporate Governance / Compensation Committee.

The Audit Committee oversees the integrity of the Corporation’s financial reporting, its internal control, disclosure control and internal audit function, and its compliance with legal and regulatory requirements. The Audit Committee also reviews and assesses the qualifications, independence and performance of the Corporation’s external auditors. See “Information Concerning the Corporation – Audit Committee Information”.

Assessments

The Board annually reviews and assesses the skills, knowledge, independence and effectiveness of the entire Board and of each Board member. This annual review and assessment includes completion of a confidential director evaluation questionnaire, a skills matrix and an independence survey. The results are reviewed and summarized by the Chair of the Corporate Governance / Compensation Committee and circulated to the Board. The Corporate Governance / Compensation Committee then reviews the results and makes recommendations to the Board. The Board then considers those recommendations and either accepts them or makes its own determinations.

SCHEDULE A

MEMEX INC.

AUDIT COMMITTEE MANDATE

Adoption

The Board of Directors (the “**Board**”) of Memex Inc. (the “**Corporation**”) adopted this Mandate by resolution dated January 22, 2014.

Policy Statement

1. It is the policy of the Corporation to establish and maintain an Audit Committee to assist the Board in carrying out their oversight responsibility for the Corporation’s accounting and financial reporting processes and audits of the Corporation’s financial statements, internal controls, financial reporting and risk management processes.
